

# ANGEL FIRE RESORT

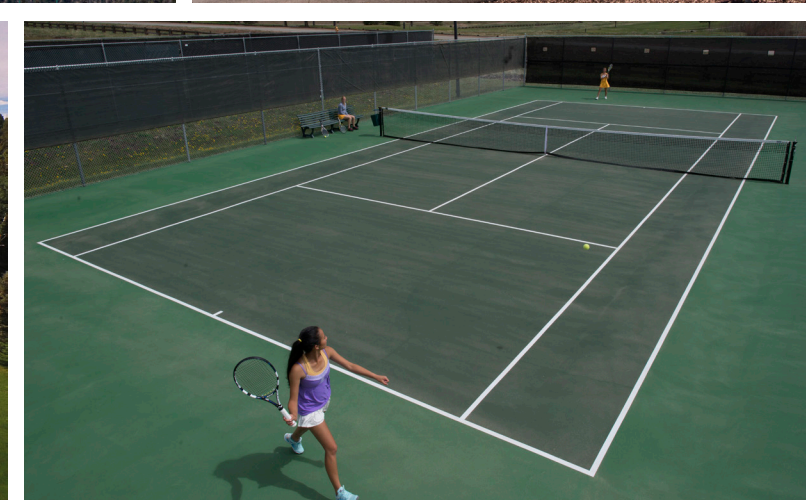

## *Expands to Offer Summer Travelers More Choices*

**ANGEL FIRE RESORT** is a top year-round mountain resort destination in New Mexico that is situated at over 8,600' elevation in the Southern Rocky Mountains. It strives to offer the best value and choice for family outdoor recreation activities to its members, guests and visitors – including skiing, snowboarding, golf, mountain biking, tennis, fishing, hiking and more.

The resort has recently completed a series of expansions for summer travelers. A new state-of-the-art RV Resort offers guests a scenic 35-acre location to camp and play. Additionally, the resort's popular Bike Park, ranked the #1 Bike Park in the Southwest for the second year in a row, has nearly doubled its trail access to over 100 miles. The resort is also home to New Mexico's largest zipline tour, an 18-hole championship golf course, and a mountain lodge conveniently located in the heart of Angel Fire Resort's base area. Monte Verde Lake, just a few minutes from the resort, is a scenic place to fish with family, boat or relax on the shore. The lake is stocked with rainbow trout throughout the summer. Fishing equipment, bait and paddle boats are available.

The Angel Fire luxury RV Resort was constructed on mountain meadowland at the foot of Carson National

Forest. It opened with 102 RV spaces but that will eventually grow to 325. It boasts a well-appointed private clubhouse, paved roads, fully concreted, over-sized spaces with easy pull-through access and 30/50-amp electrical pedestals, DirecTV access, bathrooms, showers and laundry facilities, convenient Wi-Fi access, Jacuzzi, a putting green, horseshoes, a dog park and more.

Offering the longest season in the Rockies, Angel Fire's award-winning bike park, has been named the #1 Bike Park in the Southwest by readers of MTBParks.com and *Decline Magazine* for the second year in a row. The Bike Park continues to expand its trail system every year making it the largest lift served downhill bike park in the Rocky Mountains. The park will also expand its new blue trail, Devinci's Code, by two additional miles and bike carriers have been added to the Chile Express chairlift for an easier transport to the summit.

The resort is continuing to improve on its ever-popular Rocky Mountain Zipline Adventure Tour, which takes

thrill-seekers through multiple zipline stages at the summit. The adventure begins with an introductory zipline of only 120' and works up to the signature dual lines, which carries guests on a 1,600' cable 200' above the forest floor. Guests must weigh 90-250 pounds to ride the zipline. The tour is the second highest elevation zipline tour in the United States and the largest in New Mexico. The six-segment tour opened in 2012 and has been so popular that the resort is now adding additional early-morning tour times to give adrenaline seekers more opportunity to fly high above the forest floor.

Situated at 8,600' elevation, Angel Fire Resort's high-altitude, 18-hole Championship golf course offers affordable play to guests. Winding through two unspoiled canyons of aspen and spruce high up in the Sangre de Cristo Mountains, the course's high elevation provides golfers relief from the summer heat and extra distance on their drives. The signature 6th hole features a tee box soaring 200 vertical feet above the green.

Located at Olympic Park just south of the Lodge at Angel Fire Resort on Highway 434, the Angel Fire Resort Tennis Center includes six hard courts for use by Resort members, guests and visitors to the Moreno Valley. Clinics, lessons, tournaments and weekly play are available and start in June.

The Lodge at Angel Fire Resort is located at the base of the mountain and has undergone a large makeover. All 120 rooms are family-friendly, offering larger than normal size, and over 40 rooms were recently renovated with updated amenities. The lodge offers several dining options, including The Lift and Legends, as well as free Wi-Fi, indoor pool, hot tub and fitness center. In addition to the lodge, condos and private homes are also available.
